FOR IMMEDIATE RELEASE

I-5 Northbound Off-Ramp at Buena Vista Street in Burbank Scheduled to Close from Nov. 29 to Dec. 3

Detour Will Be Provided During 81-Hour Closure of Ramp for Reconstruction

BURBANK — The California Department of Transportation (Caltrans) advises motorists that the Interstate 5 (Golden State Freeway) northbound off-ramp at Buena Vista Street in Burbank is scheduled to be closed from 9 p.m. Thursday, Nov. 29, to 6 a.m. Monday, Dec. 3.

The 81-hour closure is necessary for crews to reconstruct the off-ramp as part of the I-5 widening and improvement project in Burbank.

A detour will be provided for drivers while the off-ramp is closed.

The closure involves only the northbound off-ramp at Buena Vista Street. Other I-5 ramps at Buena Vista Street, whether northbound or southbound, are not affected.

The schedule is weather-permitting and is subject to change.

The I-5 Empire Project is a series of improvements to I-5 in Burbank between Magnolia Boulevard and Hollywood Way, including carpool lanes, a new interchange at Empire Avenue, elevated railroad tracks to eliminate at-grade crossings, reconfigured ramps, widening of the Burbank Boulevard Bridge and more. Security Paving Co. Inc. of Sylmar is the contractor on the project.

Information about the I-5 Empire Project, including scheduled closures, is provided online at the project website My5LA.com and on Twitter @My5LA.
